

PRINCE2™ Foundation & Practitioner Combined

WHO

Project Managers, Project Assurance and Project Support.

DURATION

This is an intensive 5 day course with evening work.

EXAMS

The Foundation exam is one hour multiple choice held on day 3. The course concludes with the PRINCE2™ Practitioner Examination being sat. This is a three hour open book examination, which is in the format of objective testing. This is a sophisticated multiple choice style, based on a case study.

PRE-REQUISITES

20 Hours pre-course study is recommended. PRINCE2™ manual, study guide, interactive CD and e-support provided.

OBJECTIVES

By the end of this course Participants will be able to:

- Understand how to plan and organise PRINCE2™ projects
- Use the PRINCE2™ method to ensure quality is delivered
- Follow the processes to complete a successful PRINCE2™ project
- Prepare project plans using product based planning techniques
- Undertake risk analysis and management for the project
- Apply the PRINCE2™ method appropriately to projects
- Take the PRINCE2™ Foundation and Practitioner examinations

CONTENT

This five-day course is designed to maximise examination success and consists of the following major areas, which take the participants to Foundation level and then considers application of the method:

- Introduction to Project Management
- All PRINCE2™ Processes from Start up to Closing a Project
- Organisation
- Planning and Product Based Planning
- Controls
- Risk management
- Quality and Quality Review
- Change control and configuration management
- PRINCE2™ in practice
- Examination technique

APPROACH

A combination of trainer led and practical group working, delivered by an APMG approved trainer. All materials are accredited by APMG.

PRINCE2™ is a Trade Mark of the Office of Government Commerce
